Please Note: Dimensions quoted on this document are approximate and may vary slightly from the actual product  
All diagrams on the sheet are only provided as an approximate representation of the footprint of the lounge and are in no way intended to represent the actual shape of the lounge.

\*\* Electric recliners require 240v mains power

**Construction**

**Additional Comments**

COVER TYPE: 100% Leather  
COVER DESCRIPTION & OPTIONS:  
CAT B - Protection Leather  
CAT C - Performance Leather  
FRAME: Brazilian timber & Plywood  
BACK CUSHION: Siliconised polyester fibre fill  
SEAT CUSHION: Pocketed Coil Spring & PU Foam with Polyester Fibre  
SEAT SUSPENSION: Individually Pocketed Coil Spring with No-sag Spring and Polyester Fibre

**GROUP COMBINATION:**  
2.5RR+RE+RE (5XE = 4ER + ER + ER)

MAXIMUM WEIGHT RATING FOR SINGLE RECLINERS IS 160KG.

**PLEASE NOTE:**

\* **Siliconized polyester fibre fill** which is a polyester filling developed to aid in preventing allergies, bacteria & dust from attaching to the filling.

It is a synthetic fibre that is treated with a silicate material which stiffens the polyester fibres making them more resistant to bacteria & the accumulation of dust. The fibres dry up the cells of the dust/bacteria as it comes in contact with the filling.

- **This filling is considered anti-microbial & hypo-allergenic, resists mould & mildews and also holds its shape better. This filling is sensitive to heat, so please keep away from heaters or open fires.**

\* **Individually pocketed coil spring suspension with polyester fibre.**

- This means pocket springs are individually housed in their own fabric pockets which allows them to work independently
- Good choice if 2 users of same sofa vary considerably in weight
- Was introduced in the mattress industry years ago but now is popular in furniture as a more "advanced" seating

Pocket springs only react to the pressure & weight which is applied directly to each one giving great support & maintaining shape of cushion

**It is REACH compliant (see stamp) and more information on Nick Scali website.**
